### **IT'S CHRISTMAS, AND THE KING IS COMING**

A year or two ago, on Christmas Eve, Cathy and I were sitting in a church at a nighttime Christmas service. As things were happening, suddenly Jesus spoke to me – “These people are celebrating my birth, and here I am getting ready to return.”

It is true, isn't it, how people love to celebrate the manger, even build mangers and put live people in the scene, with a baby doll or even a live baby at times portraying the infant Jesus. Well, why not. It is the grand moment in human history – God descending to become human, one of us. An even greater moment occurred thirty-three years later when that God-man overcame everything that separated lost human beings from God, in essence reconciling us to God. That reconciliation becomes a reality for anyone who recognizes who Jesus is, who truly believes and accepts him as lord. The apostle Paul said that if anyone confesses Jesus is Lord and believes in his heart that God raised him from the dead, then he will be “saved.” That saved means reconciled to God, having life ever after with Jesus and the Father. Jesus in his own words said that no one can enter the Kingdom of God unless he is born of water and the Spirit.

The key is that it is up to each person now. Jesus has done all that is needed for each person to be reconciled, to be saved. But each person has to be open to the truth, to receive the truth, to believe. It's the same in receiving anything from God. We have to believe, have faith in Jesus. We have to realize the truth and believe it.

**Here is an important fact: Jesus is not a baby in a manger.** He is not a child nor a traveling preacher. No. He has done all that. He has gone through the cross. He has risen, and has ascended to heaven. He sits at the right hand of his father, and all things are under his feet. In some way that we can scarcely understand, those who believe are in a way there with him (Ephesians 2:6).

And, to get to the point, he is getting ready to return to earth, to call out his church, to win the battle at Armageddon, to establish his kingdom rule from Jerusalem. From the calling out of the Church to his taking up residence as King in Jerusalem is a seven year period which is about to begin. In the lifetimes of many of us, great prophecies of events to happen before Jesus' return have happened. We've written about that in previous newsletters, and you can hear details in several of our CD's. Jesus said that all this would happen within one generation, and that includes his return.

His return is imminent. It is amazingly close, far closer than most are aware. Most people will be shocked and surprised. They will be going about their daily activities, and suddenly he will be here collecting the Church. In a twinkling of an eye. In an instant.

Yet here we celebrate his birth as a baby. Well, that is worth celebrating. But it is not the key moment now. The cross and his victory there is a greater moment. But that too is in the past. Now the King is about to come. Not an itinerant preacher but the King, the ultimate King. You want to be in that Kingdom. Not a democracy, mind you, a Kingdom. Don't take your eyes off Jesus. Stay alert. Watch, as he warns, so you will be ready to go when he summons. You will be surprised how soon that is.

Read this text from the inside label of this CD:

**We are living in amazing times – the times in which Jesus Christ comes to collect his Church, the times that see his victory over his opponents at Armageddon and his establishment of his Kingdom rule from Jerusalem. Those persons left behind when Jesus collects his Church face extraordinary hardships.**

**Is that you? Have friends or family members vanished?**

**This CD will give you a quick jumpstart in preparing for the difficult years ahead. Do not despair. There is still hope. In a few minutes in simple, direct language, the CD points the way.**

I suggest you get several of these CD's to pass on, or just to leave around for those people who are left behind. They may be requested using the enclosed form.

## **THANK YOU, CONTRIBUTING PARTNERS!!!!**

**(If you are considering making a contribution by year-end so that you also can benefit from an income tax standpoint, I encourage you to move quickly. We certainly can use the funds now; help us take the ministry's vital message to more and more in these next few weeks. I don't think there is a lot of time. Jesus is coming far sooner than most people expect.)**

This year has seen more extraordinary things happening in the ministry, as have every year since its formation. I am always amazed at what transpires. With the overall objective of telling people who Jesus is and that he is coming soon, we have taken steps to reach an ever increasing number. By "who Jesus is," we mean the fullness of who he is, including all he did, including such subjects as healing.

Amazing opportunities came in surprising areas this year. Currently we are on television weekly with our ***DARE TO BELIEVE!*** program in several major metropolitan areas. The broadcast reaches homes with a potential ten million or so viewers, so this is exciting indeed – half of New England, including Boston, the Tidewater area of Virginia and northeastern NC, and Wilmington and southeastern NC.

This is not inexpensive, but it is a way quickly to reach more and more with the gospel and the exciting news that Jesus is soon to return. Most do not know that.

**Jesus over and over has instructed me to tell people who he is and that he is coming soon! In the last year he has further explained. I tell you, it's not long.**

There have been stories of thanks and gratitude, healings, and more. Examples: One man said he loved the show, and then added – "saved my life." Others have said things like "just what I needed," in response to a CD sent following a request after watching. "You just talk, you don't shout." And so on.

We continue to seed CD's and DVD's throughout the country and even a little internationally. Hopefully soon we can make even more copies of the television program available on DVD.

The web site is attracting a steadily increasing number of visitors and we are working to upgrade with more offerings. The new Articles section is one such. The newsletters seem to get a lot of attention there, as well as some individual articles, the CD/DVD listings, the healing scriptures and keys to receiving, and more.

The newsletter itself has turned out to be a ministry all on its own. The initial addressees are not the only ones who read it. Once a person unknown to us and living far away sent an email reporting that the newsletter and its subject (the kingdom in this case) had been the subject of his Sunday School class.

We could do none of this without your funds. As I've said before, God provides, and in my experience that provision is through other people. Thank you. You share in the blessings of all that happens through this ministry. I think of your contributions as building up treasures in heaven, as investing in your future as well as your present. Jesus did say a person receives a hundred fold return in this world and the next

for all he gives up for Jesus and the gospel, and that certainly includes your contributions as well as the time and efforts of ministry volunteers.

Again, thank you.

Cathy and I hope you all have a wonderful Christmas!
