- realizing the power of a life in Christ-

FIGHT FOR YOUR HEALING !

You thought Jesus had already done it? Yes, he has.

You thought you would just receive your healing? Well, there are forces out there seeking to keep that from happening, just as there are forces fighting to keep people from realizing who Jesus is and turning to him to be saved. Evil forces, appearing in the form of doubt, well-meaning friends, family members, television programs, even many church denominations that don't teach or even recognize the full gospel and all Jesus did for them.

Your relationship with Jesus is between you and Jesus. That's it. Not through any other person. Jesus came to take care of everything separating people from God. And he did – sin, sickness, disease, curses, death, so many things. Now it is up to you – to truly believe, to accept him as Lord, to receive what he has done – including forgiveness, eternal life with him and the Father, and healing in all sorts of ways.

But you definitely do have to receive. Receiving healing or anything else from God depends on exercising your faith and also on your persistence in the face of adversity.

Long ago we put together a list of **healing scriptures** which should be close to the heart and mouth and mind of serious believers. They tell the story of Jesus and healing. They are available over our web site – just go to the menu on the home page and it is there for clicking and printing. So many scriptures, such as the wonderful –“by his stripes you have been healed,” or “God sent his word [e.g., Jesus] and healed them [e.g., you],” or “My God forgives all my sins and heals all my diseases,” or “I am the God that healeth thee.” And many more.

Our list there is from the King James Version of the Bible. But if you prefer another translation, then read the same verses in the NIV, or New American Standard, or whatever legitimate translation you prefer. Maybe you should look at the Amplified Bible, which goes to great lengths to explain what the original words mean. Remember, the Bible was not written in English. The King James Version is not the original Bible. That book was written in Hebrew, Aramaic, and Greek. Sometimes it's good to read a verse in several different translations to capture the full meaning.

Also long ago we put together a list of 27 **keys to receiving healing**. That too is available on the web site in the menu column. If you or anyone in your family is seeking healing, get that list and go through it in depth. Think on it and pray on it. No, this is not a checklist you have to pass. But it is a guide of things to thoroughly understand in your heart to put you in a better position to receive all God has done for you.

My dear friends, people receive the divine healing that Jesus earned for them in several ways – sometimes immediately in a healing service or even at home while praying, sometimes over a short period of time such as hours or days, sometimes over a longer period of time. We have seen all that in the ministry, in all types of illnesses – hearts healed, blood vessels healed, tumors disappear, excruciating pain vanish – it is all real and it is all true. We've also seen others not receive. One answer for that is of course that none of us know everything. But God has revealed a great deal of his truth about healing to us and to others, and that is what we share.

Among the keys on the list is **knowing what Jesus has done** and understanding deep in your heart the truth of all that. Another is **being in a right relationship with God** – no encumbrances, such as harboring unforgiveness or living in some ongoing sinful behavior. Another is the absolute need to **be determined to receive, to not be denied**, just as the friends of the paralytic were so determined to receive Jesus' healing for their friend that they tore a hole in the roof of the house so as to get him to Jesus. Another key is to **get away from unbelievers** – those friends, family, acquaintances, television shows, etc. that do not believe and say things like... oh, you really aren't healed, or oh you better stop wasting your time ,... and so on. That is difficult – to get away from all that. Jesus once told a formerly blind man he healed not to go back into town for that very reason. But you must get away from doubt and unbelief. How you do that is up to you. How much do you want to be healed?

Another key is to **ignore symptoms**. Sometimes we pray healing for a person and the symptoms vanish in a few seconds. Other times they disappear over time; if the person has little knowledge of the scriptures, they may react negatively right away, and any chance they had of receiving will vanish with their words. Sometimes also when people are healed and leave, days later symptoms return – that is the evil one bringing that back and seeking to get the person to receive the symptoms again and thereby own the sickness again. Order the symptoms away in Jesus' name.

Proclaim boldly that you have been healed. Proclaiming is a good thing to do – we also have a list of **proclamations** to say over yourself. It really is scripture personalized. This too is available on the menu on the home web page. What you say does impact you, your health and life, and those around you.

How I wish I could spend days going over such details as mentioned here with any of you seeking healing. It's all true. Jesus is real, and your living a victorious life today depends on your knowing and understanding him and what he did and who you are in him. The commands – all he said – are true and work today just as they did 2000 years ago.

If you want the materials mentioned, download them from the web or write or call and we will send them, no charge. And please get the teaching CDs on healing and other subjects as you need them. Understanding the great spiritual truths is more than a ten minute exercise. You have to listen to the CDs over and over. You need the truths deep in your heart.

Again, **don't be denied**. God says you will find him when you seek him with all your heart. As the writer of Ecclesiastes says, why die before your time? All believers will physically die at some point, if Jesus does not come back first to call them, but they do not have to die before living a full lifetime nor do they have to die from horrible diseases. They can just die after a full life by God taking away their breath and their body returning to dust.

God did tell us all we need to know. It's in the book. And he still talks to all those born again and filled with the Holy Spirit. Don't miss God.

John
