- realizing the power of a life in Christ-

BE SURE TO READ **"THE AMAZING THINGS HAPPENING IN SEPTEMBER!"** ON PAGE 3.
WE HAVEN'T HAD A MONTH LIKE THIS.

TIRED OF IT ALL

That's you, isn't it? If you are a serious believer in the Lord Jesus Christ. If you look with discernment upon the world in which you are living – locally, nationally, worldwide.

Tired of it all. The behavior of the government and society in general is distressing. So much evil. So many that obviously do not know the Lord, do not know the truths you know, do not know God's word. So many that call good evil and evil good.

It is amazing that you and I are living in these last days. Of all the people that have gone on before from Adam and Eve up to now, we are the generation alive in the last days.

Many Biblical prophecies of events to occur before the return of the Lord have actually occurred. We see daily actions that line up with what has been said about these days, terrible actions and behavior in society. We watch the prominent organizations make bad decision after bad decision, take blatantly incorrect actions – whether the national government, the Supreme Court, the highly ineffective congress, and similarly governments of other nations and the United Nations as well.

Not long ago a friend of mine said he was ready for the Lord to come now. He was ready to go. In effect, he was saying he didn't want to be here in this world. I think many of you share that view.

But we are here.

It is unpleasant indeed, but we are here.

Still, in these difficult days, God is leading people to Jesus. And you, regardless of whatever you do in your daily activities, are a minister of God if you truly have been born of water and the spirit, as Jesus says. Or as Paul says, if you confess Jesus is your Lord and believe in your heart God has raised him from the dead.

By your very actions you demonstrate the truths of God. I mentioned recently how centuries ago Francis of Assisi made the point that a person should preach the gospel through his very actions, his life, and sometimes use words. That's right. You have no idea how many you reach each day that you never actually intentionally try to reach for the Lord. My wife frequently reminds me I know not how many are reached by all the writings and recordings and videos and web site and blog and so forth that we have put out there. Sometimes we are reminded when people we do not know contact us from afar after reading or viewing some of our material. And once in a while a tiny percentage of those on the distribution list will write us about a recent email or newsletter.

Do you recall the Lord saying some sow and others reap? That is the way it is with the truths of God. Get the word and the truths out there before people. Some may be immediately impacted. Most probably will be impacted over time. One

thing is sure – God’s word once given out does indeed have impact. As God said, his word does not return to him void but does accomplish the purpose for which it was sent. That in fact is why it is good to read the Bible out loud, to get those powerful words into the atmosphere where you are.

In these dark days and difficult times we must go forward as long as the Lord has us here. Seek the guidance of the Lord. Ask the Holy Spirit to orchestrate your day, to arrange encounters you should have. Ask the Lord to accomplish what he would through you, to bring glory to the Father and to himself.

I was speaking Sunday by telephone with a friend minister in rural Kenya. He was describing the day’s church service. He talked about bringing the truths to the people. He said the people forget Jesus. This friend and his wife labor under physical conditions and difficulties most of us cannot imagine. But they keep going.

People must keep their eyes on Jesus at this time, and on the truths of the Bible. For true believers who should be able to discern the times and sense spiritually what is happening, these are dark days indeed. Yes, God is still drawing individuals to Jesus. And in some places in the world there are significant events where many are being drawn.

But at the same time there is enormous darkness here. The evil one, satan, the devil, knows his time to run amuck on the earth is winding down quickly. And he is panicking.

The majority of people on earth, the great majority, do not know the Lord. And many who have basic needs met likely do not see any darkness. That in itself makes you and me very sad. But it is all part of these times. Remember, the wheat and the tares grow at the same time.

Be sure not to be led astray by false prophets. Aside from so many churches and denominations that seem lost at this time and do not focus on the very subject of Jesus’ imminent return, there are individuals out there preaching terribly false doctrine. I just saw where one such person says there is nothing in the Bible about the rapture – the collection of the believers by the Lord – and nothing about the Tribulation or about the anti-christ ruling the world. Now, the word rapture may not be used, but there are many scriptures about the Lord coming in the clouds to collect his believers and many scriptures that pertain to the seven year period we call the tribulation. And certainly the anti-christ, the man of lawlessness, the beast of the earth, is covered in many scriptures. I don’t think the anti-christ ever does rule the entire world, but he certainly can try. That’s just part of the one-world group that has been active for so long and is active right now in so many events of our day.

Stay vigilant. Be alert. Look at situations and events with the gift of discernment. Remember the words the Lord said for me to tell people when talking about this time:

Be alert.
Pray for the lost.
Seek me with all their heart.

How do you pray for the lost? Ask the Father to draw them to Jesus. Remember, Jesus himself said no one can come to him unless the Father draws that person to him.

And even though you are tired of it all, never, never give up. Once years ago in a very tough moment I received a telephone call from a woman who had been part of the original group when the ministry was organized. “Don’t you ever give up!” she shouted. “Don’t you ever give up!” Obviously God had led her to telephone.

Her message is the same one I pass on to you. Don’t you ever give up! We can’t give up. The Lord never did and never has and never will.

THE AMAZING THINGS HAPPENING IN SEPTEMBER!

In the April newsletter we highlighted some of the extraordinary events to happen this month of September. It really is amazing. Now, beyond all the signs and wonders and the religious festivals and Holy Days, there are also some extraordinary “world” events happening as well.

Here I list key events I see specifically so you can focus on them and the times.

September 13 (Elul 29 in the Jewish calendar):

- **The Day of Trumpets**, beginning the High Holy Days (also called Rosh Hashanah today, beginning the secular Jewish new year)
- **Partial solar eclipse**
- **End of the Shemitah.** This is the seventh year in God’s seven year cycles. Do you recall that God gave instructions to Israel to farm for six years and on the seventh to let the field rest? God operates in seven year cycles. In the US, 9/11 and the economic problems that followed occurred at the completion of the seventh year, the year of the Shemitah. And seven years later the great economic crash in the US that led to all the 2008 action regarding the banks took place. This coming September 13, 2015, the current seventh year ends. In history, many events in the US can be traced to this seventh year. Why should this seventh year cycle apply to the US? Because as noted earlier the US was established as a Christian nation and has prospered as a Christian nation. So as the US escalates its fall from God, the repercussions and the impact will be great.
- **In September begins a Jubilee year.** After seven Shemitah periods, or forty-nine years, there is the Jubilee year. This was instituted by God in Leviticus 25 as a time of restoration, of setting things right

September 22:

- **Yom Kippur (the Day of Atonement)**

September 28:

- **The fourth blood moon.** This is a super blood moon, for the moon will be at a position very close to earth. Hopefully you recall the four blood moons marvelously occurring at key Jewish feast dates in 2014 and 2015. (See our March 2014 newsletter for more detail or the article on my blog in February 2014). Beginning at Passover in 2014, there is a series of four successive blood moons occurring on four successive key Jewish feast days. Three have already occurred – on Passover and Feast of Tabernacles in 2014 and on Passover in 2015.

A blood moon - a lunar eclipse where the moon appears red - is not that uncommon. But four on four key successive Jewish feast days is. That has only happened three times in the past 523 years. Those in the past were at momentous times in Jewish history – 1493-1494, just after Columbus received the commission to sail for his amazing discovery of America and just after Spain had ordered all Jews to leave the country; 1949-1950, just after Israel’s coming back into existence as an independent country; and 1967-1968 around the period when Israel retook Jerusalem after almost 2000 years of its being in the hands of nonbelievers.

- **Beginning of the Feast of Tabernacles.** That the fourth blood moon occurs on the first day of the Feast of Tabernacles should get everyone’s attention.

But there is much more.

- **September 15 the United Nations convenes.**
- **September 24 the Pope addresses the US Congress.** This has never happened before.
- **September 25 the Pope addresses the United Nations General Assembly.**
- **September 28-October 6 the United Nations holds its 70th General Assembly session,** beginning the same day as the Feast of Tabernacles and the fourth blood moon and continuing a bit longer than the seven day Feast.

There are more rumors out there for other events in September, but I have just listed scheduled events that it appears now should actually happen. This is astonishing. All people should be alert as Jesus warns us to be in these times. Whether something dramatic will happen this month or perhaps in the weeks afterwards I do not know. But surely we should all be watching. We have not had a month like this.

A Need for Funds if you want this ministry to continue

We have no endless supply of funds on this earth. This ministry is not part of some giant church or other organization full of money. The only way we keep going is by the funds people led by God contribute to the ministry. That is how we are able to keep all the publications and other efforts going. That is how we were able to help the ministries in Pakistan and Kenya when they were led by the Lord to us. So if you are or have been blessed by the ministry, if you have received revelation and knowledge you never had, if you have encountered God through this ministry, if you have been healed and made whole by God through this ministry, please pray about sending some funds that we might keep this effort going in these dark days. This is a candle in a dark dark world, and we need to keep the light shining.

Most people do not want to hear the truth in these days. The Lord warned me about that long ago. He said that the time would be coming when people would not want to hear my words. That time is here. Most people are just shut off to the truth. You know that if you truly know the Lord. But here we are and we keep going. I don't have a choice. I could never say no to God.

The Lord has made it clear that right now my message is the return. All the many aspects of the gospel of course continue to be important, but dear friends we are a favored generation. We are living in the end times, and the return is imminent. Help us to get the truths out. Don't forget Luke 21:36.

Always remember to stay alert! The Lord really is coming soon. May you live in the blessings of God always.

John
