- realizing the power of a life in Christ-

WAKE UP AMERICA! JESUS IS COMING SOON!

We are the generation at the end of this age of human history. For nearly 2000 years nothing happened. Suddenly, early in the last century and continuing to today Bible prophecies of things to happen before Jesus' return began to be fulfilled. One after another. The evidence is undeniable. Jesus Christ is returning very soon, certainly in the lifetimes of many living today. This book shows prophecies fulfilled, where we are in time, what is about to happen, and what you need to know. It is for everyone!

This is a book that can change your life. Have you got your copy! Copies for your family and friends?

SAD. SO SAD. MORE WARNINGS TO ALL! BE ALERT! USE ALL THE TOOLS GOD HAS GIVEN YOU IN THIS DIFFICULT TIME!

You probably read or heard recently of the suicide of famous successful designer Kate Spade. Now today we suddenly are confronted with another apparent suicide, that of well-known chef and traveling television host Anthony Bourdain.

Terrible. Sad. So much talent and success these two had. Suicide.

It is certainly likely that each of you know someone in your life – family, friend, acquaintance, co-worker – who has similarly committed suicide. Painful. Sad.

Why? Why does it happen?

The answer is straight-forward but not known by many: The work of evil spirits or a spiritual curse.

The evil side of life is real, real, real. Spiritual curses are real just as evil spirits are real. These are the end times right now we are living in. The majority of humans on earth, the great majority, do not know that. And they do not know God, do not know Jesus, and all he has given us to protect us, to strengthen us, to enable us to live lives of authority and power in him.

Every one of you needs to know how to truly put on God's armor and live in it, how to cast out demons, how to be free of curses, how not to give the devil an opening in your life, how to take all thoughts captive to make them obedient to Christ (lots of the dreadful tempting thoughts that pop up in a person's head are not from that person but from a taunting evil spirit), and more. So many scriptures apply, such as Ephesians 6:10-18, James 4:7, Mark 16:17, Galatians 6:13, 2 Corinthians 10:5, and many more. I'm not teaching again here on all that, just pointing out that this is a highly dangerous time we are in and you need to avail yourselves of all the Lord has done for you.

Because of Jesus' actions as described in Galatians 6:13, we believers are free from curses (literally the curses of the law, all those horrible things listed in Deuteronomy 28) if we can understand and apply what the Lord has done for us. And we believers have the authority in Christ to protect ourselves from evil spirits. We can take action when attacked. We can take all taunting thoughts from evil spirits captive to make them obedient to Christ. We can order the evil spirits out in Jesus' name. We can wield the sword of the spirit, the great power of scripture.

Most of the world is full of nonbelievers. They don't know they are free from this, that they have power in Jesus to break this, to stop this. And sadly most Christians don't know either because they have never been taught the power of the gospel. They don't know the authority they have in Jesus. People who are not believers and those who do not know the truths of all the Lord has made available to us are open prey for attacks from the evil side and are ready victims for the impact of curses that somehow have come to them.

This curse thing may be hard to understand. But just consider this: if you see a family over a period of years or decades where suicide tends to show up repeatedly from time to time, or perhaps mental or emotional illness, or people who are chronically ill over years and years and can't seem to get well, or other such – perhaps family breakdowns throughout the generations, maybe financial strife always, well you are likely into curse territory. These certainly are indications. In past meetings we have had a woman come up and say all the men in her family die at age 41. Another time a woman said all the women in her family have diabetes. Curses.

I have written extensively and taught extensively on all this. Get our CDs *Fighting Evil* and *Breaking Curses*. Watch the television shows by the same names on the web site. And go to the past newsletters on our website that deal with this in just a few pages. The issues of December 2016, August 2009, and February 2017 are prime ones, but there are many more.

It hurts all of us when a human being, a person with life in their veins, commits suicide. We can only imagine their pain that led to this. Not what God or we would want for any human life.

This is a hard world today, about to get harder. Don't succumb to the attacks of the evil one. Use all the tools God has given us to be free of evil, to rebuke attacks from the dark side, to overcome the

world and keep our eyes on Jesus. And somehow, somehow try to get these truths to others around you. This world is full of sheep. Most are lost and ready prey for the wolf. Help anyone you can as you are led to by God. Always ask for the Holy Spirit to guide you in any situation, especially when you are wondering whether and if to get involved.

God bless you and your family. Live in the fullness of God, the fullness of all that has been provided you. Remember, we of course live in this physical world and the world system, but we believers are not of the world. Nope. Our home is with God and in his Kingdom.

Launching **WAKE UP AMERICA!**

- **Getting the Book and Its Message of Jesus' Return Out to Everyone God Would Have Read It**
- **Need for Your Prayers, Donations, and Other Support!**

Our continued thanks to all who help support this ministry with their prayers, donations, and other assistance. We need all of that. Especially now as we endeavor to help **WAKE UP AMERICA!** reach everyone God would have read this book! I do not think it is an accident this book has finally been published twenty-five years after God first told me to write it nor that it actually came out and was in the process of being shipped from the printer when Israel celebrated its 70th anniversary! These really are the last of the last days. Unfortunately, the great majority of Americans have no idea how close we are to the Lord's return. Our assignment is to get that message out there.

Now that the book is published, our attention to it and the return message has turned to successfully launching the book - working hard to promote and market the book, bringing it to the knowledge of all, and speaking and teaching about the return. To that end we are working with various ministries throughout the nation, several of which have radio and television programs. We already have a travel schedule that puts us with several of these at a prophecy conference in Texas soon, as well as at several other Texas and Oklahoma cities where many major ministries are based. We will also in coming weeks be holding return seminars as we are invited or as we can arrange otherwise. And we will continue to promote the book over the various social media sites and other media. It has even been suggested that we consider starting up our television program again to get the return message out and to get this book before the people. All of these steps take a very large amount of money, and we ask for your continuing support in these efforts.

America is an enormous mission field. I know that Africa and Asia and other such areas are great targets for missionaries right now, and God and they are doing great works there. But America, my goodness, surely you must recognize that there are huge numbers here who do not know God at all. That should be evident by all the strife and stress and general uproar in the country and on the daily news broadcasts. And there are many who attend churches every week but are not being fed by all

those many churches and do not know at all about the imminent return or even in many cases about what it takes to be in the Kingdom of God. Jesus himself indicated more than once that the number going with him when he comes to collect his believers will not be great (certainly not percentage wise). Once years ago I thought I would be traveling to minister in those far away difficult places where I spent so much time in my business days, but God made it clear that my ministry is here in America. Now with the current environment I see why. Please help us get this message of Christ and his return out while there is still time.

Please also consider working to get us invited to your church or some other group where we might hold a seminar or program on the return.

May you live in the blessings of God always.

John
