- realizing the power of a life in Christ-

"FIT US FOR HEAVEN TO LIVE WITH THEE THERE"

That is the last line from the famous hymn "Away in a Manger."

Wow. Powerful! How is that for a prayer? That is what we want isn't it, for ourselves and our family and others. Isn't that what is happening to believers right now as God refines his people for the future – as we live through all sorts of things, using all he has taught and given us to persevere and overcome? Think about it.

IF ONLY

If all people were born again and filled with and baptized with the Holy Spirit, if all people truly knew the gospel and knew what Jesus has done for them and who they are in Jesus, if all people knew how to protect themselves with all the tools God has given believers, if all people knew the power in their words and how their own words influence their lives and health, there would be no hospitals, no doctors or nurses, no illnesses.

No need for all these countless medicines with all their side effects.

No need.

But – sadly – few know these truths. A really precious few.

Even many of those who say they are believers in Jesus and attend church regularly do not know these great truths or the authority they have in Christ. These type Christians spend their time asking Jesus or God to help them, to do this or that, rather than using all that God has given them. That is not to say that we should not ask about the things most on our minds – of course, we should. But we should certainly take action to receive the healing Jesus has already done for us, to cast out evil, to – as Jesus said believers could – do the same things he has done and even greater in Jesus name.

If you are attending a church and not hearing about any of this, ask your pastor if he would preach and teach on:

- The Holy Spirit and the gifts of the Spirit
- The baptism of the Spirit
- Divine healing/healing the sick
- Casting out demons
- Protecting one's self using the armor of God

- The service of angels for those who will inherit salvation
- The imminent return of Jesus and what believers should be doing

Are you hearing these things and seeing the power of God in your church? If not and if there is no positive response from your pastor, time to reconsider where you are. One person told me that she asked her pastor why he didn't teach on these last days, the imminent return of Jesus, and the pastor said because he had no revelation on that. Well, he was honest, but he at least could invite persons to his church who do have that revelation to preach and teach, perhaps to hold a seminar.

Church, the Bible, preaching and teaching – none of this should be like taking an academic subject in high school or college. No. God, the Bible, the gospel, Jesus, the Holy Spirit – all this is truth and life. It is reality, the very essence of your existence. It is power, healing, revelation, and so much more. Preaching and teaching on all this should be full of life, power, joy, excitement!

Remember, it is all about Jesus. The most important thing in your life is your relationship with him. Far more important than anything – or anyone – else.

JUST A WINDOW IN TIME

It really is a window, this brief moment in time in the US when we believers still are free to do all we can to get the message out. What message? The gospel message. The truth of who Jesus

is, what he did, and the need for each person to receive him. To believe. To be born anew. To be saved.

The message that this wonderful Jesus is coming again, and that very soon. The message that this age of human existence is winding down now, about to end. Soon the Lord will return to collect his believers. Soon there will be a terrible period known as the Tribulation. Soon a terrible battle called Armageddon and then the beginning of a new millennium with the rule of Jesus from Jerusalem.

Soon. How soon? Real soon.

Why is it just a window of time? Already some nations have taken actions to limit what Christians and in particular evangelists can say and do. For now, however, Christians in America still have freedom of speech and freedom to get the message out. But for how long? Consider that the USA itself already has gone off a spiritual cliff. It stepped into the abyss June 26, 2015 when the Supreme Court gave approval to gay marriage. A total slap in the face of God. Making a sin legal under American law does not make it moral and does not make it acceptable to God.

The rebellion against God in America that began way back in the 1960's with the removal of God from the public schools has continued right up to now. Certainly in the past couple of years there have been some positive changes in the economy, but there has been no stemming of the spiritual fall of the USA. That continues unabated. The abortion law enacted not long ago in New York and the remarks of the Virginia governor on last second abortions demonstrate just how heathen and pagan much of the country has become.

There is still a core of serious believers in the Lord. Their existence is no doubt what has kept the USA afloat in recent years, that and the fact that God is slow to anger. But time is running out, for the USA and for the world as we approach the very last days of the age.

DON'T FORGET: USE THE BOOK **WAKE UP AMERICA! TO REACH OTHERS WHO DON'T KNOW JESUS OR ARE NOT AWARE OF HIS IMMINENT RETURN!**

Giving this book to others is one way to reach those around you. Most people will take a book. They may read it later, but at least you will have a book in their hands!
