COMING SOON

It is time to look at what to expect in the coming days. Yes, Christmas was just here, and what a wonderful season that is and was. But the event about to happen is extraordinary too: the Lord's dramatic return to collect his believers. It will and is all happening now in your lifetime.

Here then is a quick summary. Expect to see these steps fulfilled. Depending on the precise timing of that return, believers may get to see a few of the initial points there or none at all because they will be gone. I expect the truth is they will see none at all. Others will see all these points if they are able to stay alive during this difficult period.

- Imminent is the return of the Lord to collect his believers. Today. Next week. Soon. Really soon.
- Looking at purely earthly matters, in coming days Israel will be pressured more and more by the US and other world governments, most of whom – maybe all of whom - know nothing of what is really going on. The pressure is for Israel to stop fighting and to enter into a peace agreement.
- Eventually Israel will come to a cease fire.
- Someone will step forward to negotiate a peace agreement with Israel and the neighboring countries. Maybe even more countries.
- A peace agreement will be signed. This signing is the beginning of the seven-year Tribulation. The individual leading this signing is the antichrist. (Daniel 9:27)
- All the above happens very soon.
- Early in the seven-year Tribulation Russia, Turkey, and Iran lead a group of countries in attacking Israel, but God clearly and obviously destroys the attackers... another step for God to demonstrate to people who he is and hopefully to wake up the lost. (Ezekiel 38-39)
- Two witnesses – perhaps Elijah and Moses – show up in Jerusalem and preach the gospel message for 3 and a half years of the Tribulation. (Revelation 11)
- The antichrist sets himself up in the temple, proclaims himself to be God, puts an end to sacrifice and offering at the midpoint of the Tribulation, and more. (Daniel 9:27; 2 Thessalonians 2:4)
- At the end of the Tribulation Jesus leads a force of his Holy Ones, angels and believers, to come against all those arrayed against him at Armageddon. (Revelation 19)
- Jesus wins that battle point blank by the sword coming from his mouth, the WORD. All military members arrayed against him are killed. The antichrist and the false prophet are thrown into the lake of fire. The devil is locked in a deep pit. (Revelation 19 and 20)
- The government of the Kingdom of God is established in Jerusalem. Jesus' believers rule with him, as he has said would happen. (Revelation 20)
- And the millennium begins.

Keep Your Eyes on Jesus!

There still remains an opportunity for those left behind after Jesus collects his believers to come to Jesus and to be in the Kingdom of God. That can indeed happen during the Tribulation. But if they hope to do this, they must never worship the antichrist nor the image of the antichrist. And they can never take the mark he and his false prophet assistant force on the world if anyone wants to buy and sell, to participate in the world economy.

Today, right now, in all things KEEP YOUR EYES ON JESUS. He is your Lord, your King, your High Priest, your truth. When you get right down to it, nothing really matters but Jesus and your relationship with him.

WHY ARE SO MANY AMERICANS SO SILENT TODAY?

Why indeed? And why are so many church pastors and churches in general so silent? Why are more not speaking up loudly and boldly against all the sinful, evil actions taking place all around and against the terribly harmful policies of the national government and the state and local governments in many places. Where is everyone?

Some time back I wrote of a time another minister and I had lunch in a restaurant and talked about why Americans don't speak up. As we were walking out, an older woman at a nearby table turned to us and said, "I'll tell you why. It's because they are scared." I think she is right. But still, why so afraid to speak up?

The list of terrible, immoral, evil things happening in our day is almost endless. I have written about them frequently and I hope by now you surely know what is happening. Such things as:

- Teaching of deviant sexual behavior to young children in schools. Teachers and officials hiding the transitioning of young children from one sex to another from their parents.
- The ever growing influence of the LGBTQ movement. Homosexual behavior is an abomination to God.
- The wanton, random unanswered violence on the streets with the lack of enforcement of basic laws in many areas, the terrible woke/cancel culture movements attacking the basic value of free speech, the brainwashed far left groups of society demonstrating vociferously for irrational causes, and so much more. You know all that by now.

All of these many terrible things are part of an orchestrated overall effort to bring society and the US down to a much lower level such that it will eventually be willing to join the one-world government that the UN and World Economic Forum and others are working towards, the government the antichrist will lead.

Now, I know we are in the last days and all the general deception and confusion and mayhem we see daily is to be expected. This is the time right before the Lord comes to collect his believers. But that does not excuse you and me from representing the Lord wherever we are. Every day we should ask the Holy Spirit to orchestrate our day, to arrange all encounters God would have us have. Right until his return we can still be helping God lead others to Jesus. And we can be standing up for Jesus wherever we are.

Keep Your Eyes on Jesus!

Make sure those who know you would answer with a strong affirmation if they were asked if you were a believer in Jesus. Don't keep that a secret. What does it matter what others around you in society think of you? The answer is of course nothing. It doesn't matter. That is where many pastors and mainstream churches have fallen over the spiritual cliff, trying to be popular with all when that all includes many people with terrible immoral views and behaviors.

No one escapes the judgement of God, not even believers. Fortunately, believers know they will be in heaven. God's rewards – yes, there are rewards – will no doubt be given out based on the behavior of each of us since we came to know the Lord.

All these people going around committing mayhem and violence, engaging in terrible immoral behaviors, leading Christ's little children astray, confusing the population as to what is right and what is wrong, and so much more will indeed someday face God's judgement and receive their just reward.

UPDATE ON VIDEOS REACHING THE WORLD FOR JESUS

Our short videos in our THE IMMINENT RETURN OF JESUS series continued last month to reach great numbers for Jesus. This has been a most thrilling time to see so many in so many places come to the video posts about Jesus, about salvation, and about his return.

This of course has not gone forward without all sorts of attacks from the evil side...from personal attacks to physical issues at our home to what appeared at one time to be a devastating attack on our X (formerly Twitter) computer files and so on. But in Jesus we have stood firm with the great assistance of prayer from many partners, and this has all gone forward.

As the number watching increased, the attacks too increased. The week before Christmas we had two dramatic moments – one involved the sudden disappearance from X (Twitter) of all our files – videos and other posts in the wee hours of the morning! We prayed and worked on this, ordering all evil spirits away, and suddenly with guidance from the Lord they all came back on again! Two days later our oven started smoking seriously for no discernable reason as Cathy baked some Christmas pies. We turned everything off and shut down the electric power to the oven. The repairman came, and miraculously he found there was no problem at all. Of course, we had been praying and casting out evil. One person working with us on this, upon hearing there was no problem to be found, said simply I think this was just divine involvement. She was right.

Over and over, we have been attacked by minor short term physical issues which we fight back and win in Jesus. And in all this, hundreds of thousands have come to the video postings. As of the last week in December, 830,000 had come from many nations, with many hundreds of thousands of those actually watching, thousands sending us their "likes," and many reposting a video on their own social media for their own followers.

Now the latest attack is the most discouraging, and I am now thinking about what to do as we go forward. Off and on in all this, even with all the new freedom at X, their staff or others in countries where we were advancing the videos have suddenly caused a video to be stopped completely. We have discovered for example since the outbreak of violence in Israel on October 7 that mention of Israel in prophecy, especially that the millennium government of the Kingdom will be set up in Jerusalem, gets the video stopped. Similarly there are certain buzzwords like homosexual that if mentioned will apparently get a video stopped. So X still is not totally free.

Keep Your Eyes on Jesus!

There is more we could write but that is sufficient to indicate the battles we have faced on an ongoing basis. In all this, up to now, God's word and truths are getting out to hundreds of thousands, and for that we praise God. It is amazing.

Thankfully, all these videos also remain grouped together on YOUTUBE on our channel there and anyone can see them all with no interference. Just go to YOUTUBE and search for John Newlin Ministries/@Dare To Believe TV. Look for The Imminent Return of Jesus series in the playlists.

NEWS FROM KENYA: Thomas and Ann back home

Yes, they and all their family and all the orphans in the orphanage are back home, busily cleaning up and getting all going again at their home, orphanage, farm, and brick-making work. Please pray for strength and energy for them in this arduous task, as well as protection and provision. Of course their church and all its members were impacted by the flood as well.

LAST MOMENT OBSERVATIONS

You all have all our writings and the many videos and television programs, the book, the CDs, and so much more. You should know where we are and what is happening. Don't be misled or confused by the massive deception all around in government, media, and even in some of the churches. Jesus did warn us all to watch that we not be deceived, and we must do that.

God's word is still true. Jesus' teachings are all true. People are still receiving divine healing. Miracles still happen. And the Lord is returning so very soon.

And the mass of humanity is lost, lost, lost. Any truths you can share with any of those lost is always God's work. Just make sure you have the leadership of the Holy Spirit in all you say and do, and that you put on and use God's protection always. Go to our return resources page on the website for a great number of information sources, get a copy of our book **WAKE UP AMERICA! JESUS IS COMING SOON** (We will send one copy free to anyone requesting it for themselves or someone else.), watch our videos on the return, read past newsletters and go to the blog to read other past writings. And stay focused on the Lord.

JESUS IS COMING VERY VERY SOON! YOUR LIFE, YOUR FUTURE, YOUR HOPE IS ALL ABOUT JESUS... AND YOUR RELATIONSHIP WITH HIM

May you live in the blessings of God always.

John
