[I have wondered and wondered what the newsletter this month should be. I have written several that seem interesting and good but the Holy Spirit just has not endorsed any until now, until this very one you are reading.]

TIRED OF IT ALL?

That is surely the way I seem to feel often lately. And I expect that is the way many of you feel. So close to the return of Jesus, expecting him any moment. And at the same time living in a really difficult world of obvious and massive government and media corruption and dishonesty, along with all sorts of deception and delusion and unbelief in open display among various groups of people who seem to have no concept of common sense, a frightening increase in random violence, and ...well we could write on this all day with countless examples.

So what is the approach to life we should be taking in this time? Here are some thoughts:

- Focus on Jesus – KEEP YOUR EYES ON JESUS
- Realize of course that what you are witnessing all about in the world will not last, will not survive, will not succeed.
- Watch news headlines on the Internet or TV on a trusted site for maybe five minutes or so a day and then that is that. No more.
- Stay in touch with the Lord always. Pray throughout your day and night – not just a conscious sit down prayer but in on-going conversation. I hope you do that already. He is always there.
- Use the authority God has given you
 - In Jesus' name cast out evil spirits
 - Be sure to live in God's armor
 - Thank God for the angels he has sent to serve you, and thank him for their protection
 - In Jesus' name take the steps to heal yourself or anyone else as possible
 - In Jesus' name bind any evil or destructive thing or activity you see and order it far from you.
 - Do the same things Jesus did when on earth, even more. He said you can do that.
- Ask the Holy spirit to arrange any divine encounters he, the Lord, the Father would have you have and ask him to guide you in that.

- Refuse to accept any curses from anywhere. You have been set free from curses of the law. And an undeserved curse cannot come to rest, cannot hurt you – in Jesus’ name bind it, rebuke it and order it away.
- To the best of your ability, avoid interaction with the atrocious evil world system of our day. That is likely not to be entirely possible. Whenever you have to be involved, pray, pray, pray for God’s involvement. Give it all to him. And take steps only when it seems clear you should.
- Do not become depressed over all those who do not know the Lord or are even uninterested in hearing from you on that. Only God can draw anyone to Jesus. Just ask the Holy Spirit for help and guidance in any encounter with such a person. People left behind in the Tribulation will thankfully have the opportunity to come to Jesus, but their time will be dreadful and they will have to try to stay alive during that time.
- Remember, Jesus did not linger. He went on in giving out his truths. He spoke to people and then moved on to another town or place. He didn’t wait and argue and try to convince and so on over and over. I even wrote a poem about that which is included below. It was published in two Christian magazines in the past. The point there is not that you should not pray for God to lead someone to Christ, and do so every day as you would like. It is just that this should not get to be the sole focus of your life and that you have to realize only God can draw someone to Jesus. Many – it appears right now most – people on earth will never get there (unless there is suddenly a great awakening here in the last days or the Tribulation period).

WALK AWAY
by John Newlin
Walk away.
Jesus did -
A few words,
Sometimes a parable,
Then departure.
The next step was theirs.

You can’t make
Others believe.
On to the next town,
The next house,
The next person.
Walk away.

[This poem was published in the July 20, 2003 issue of *Purpose* and the March 2004 issue of *Bible Advocate*.]

- Try to find something enjoyable to do from time to time. The physical world is still beautiful in many areas, and many animals are still charming. Cats and dogs and parrots and other birds and bunnies and squirrels and goats and ...well, lots of them. To quote Paul, “whatever is true, whatever is noble, whatever is right, whatever is pure, whatever is lovely, whatever is admirable -if anything is excellent or praiseworthy—think about such things (Philippians 4:8).”

- Try to find other alert born again spirit filled believers to spend time with, even if just a long telephone call periodically or a short visit. I know this can be hard. I hear comments from time to time from believers that there is no one for them to talk with where they live, and after all these years of ministry and interacting with people, I don't doubt it.
- Try to the best of your abilities to stay in good relations with close family and friends and relatives. But that may not always be possible. Remember Jesus himself talked about how his coming separated close family members – he was referring of course to those that would believe in him and those that would not.

And just stay alert and watch, as I am always writing, as Jesus warned in Luke 21:36. Sometime soon, whether today or tomorrow or next week or month or even later, you will hear Jesus' command, the archangel's shout, and the trumpet, and you will be gone to be with him.

MINISTRY VIDEOS REACHING AMAZING NUMBERS!

In just the last three weeks our videos promoted in more countries have set staggering records of numbers coming to the postings on X (Twitter). One video posted had **123,000** persons come in the small country of Portugal in just two days!!! Another posted at the same time in the small nation of Norway had **65,000** come. And then just a few days later, one video posted in another small country, Greece, had **83,000** persons come in two days. These are staggering numbers. While already we were thrilled and thankful for the ever growing numbers of people coming to the videos around the world, the rate of growth in people coming to them has escalated exponentially in just the last few weeks. I would say this is probably just another sign of how close we are to the return of the Lord, that people are hungry to hear more and to hear what they should do to be in a right relationship with Jesus and to be ready to go when he comes.

In total, as of this newsletter, more than **1,459,000** people have come to these short videos we began posting last summer! If you would like to see them, most are on X (Twitter). Perhaps an even easier way to see them is to go to our YOUTUBE site to watch all ten gathered together under one playlist titled THE IMMINENT RETURN OF JESUS. Just search for John Newlin Ministries – @DareTobecomeTV on YOUTUBE.

I was recently remembering how in 2013 God spoke to a minister in Nigeria about us. We did not know him. He faithfully recorded what he heard and sent it to us. Of his many wonderful notes, at one point God said to him that Cathy and I are his battle ax for an end time revival. I have always wondered how that would happen since we are so close to his return and I haven't seen any major revival, other than occasional awakenings in a church or school from time to time. But now I wonder if this process of getting the truths out to the world using these high-tech tools today might be accomplishing what he referred to! You must admit, people coming to hear the truths of the Lord in the millions is obviously a major move!

PLEASE HELP US GET THE TRUTHS OF JESUS AND HIS IMMINENT RETURN OUT TO MORE AND MORE THROUGHOUT THE WORLD! All described above and other ministry activities do cost money of course, and we are grateful for those who do contribute to the ministry with your prayers, your financial donations, and other assistance. We are moving as fast and far as we can to get the message of the return and the gospel out to the world. *(All contributions to John Newlin Ministries, Inc. – whether money or material goods or stocks or bonds – are tax deductible.
