MORE SURPRISING AND WONDERFUL NEWS: TELLING THEM WHO JESUS IS AND THAT HE IS COMING SOON

A couple months ago we reached the point of having gone forward in a big way in all nations having any significant English speaking population with our key videos on Jesus, his return, and how to be in the Kingdom of God. Many millions had been reached with the opportunity to see and learn and come to Jesus.

Then I thought to try to move one or more of the videos forward again in the USA, and we did so for one video for ten days. Encouragingly, we did reach over 400,000 as reported last newsletter, much higher than figures we had ever seen for the US although certainly still low for such a large nation. We tried another video and the numbers reached were less than a 100,000.

At that moment, I then considered all these world nations we had been to and their huge response. I reexamined our video REACHING THE END OF THE BOOK – JESUS RETURNS, which X (Twitter) people had not permitted to be moved forward in the nations in the past for whatever inexplicable reason I do not know. (Even though X indeed is a strong backer of free speech, it is still an organization of many technical people with various views and we have to work through that.)

So I stepped out with plans to try to go forward again with this video in Nigeria. As before it was stopped by X, but we appealed. And wonderfully this time X allowed the video to go forward. In just four days the video reached almost a million people in Nigeria, 942,000 to be exact! Now we have just taken this video to Hong Kong and have reached more than 573,000 there in four days!

All this is surely God's work!

God is moving mightily in the world right now, moving to reach more and more in the short time remaining with the truths of who Jesus is and that he is coming soon. He is always working to draw people to Jesus.

That is my real assignment you know. While preaching many years ago, I suddenly heard the Lord say, "John, tell them who I am and that I am coming soon."

And so we do. That became the overwhelming objective and guidance of our ministry. For many years we taught and preached about all aspects of the gospels and ministered in the gifts of

the Spirit. Many were healed in the meetings and outside of that, in our office or over the phone or elsewhere.

But still we moved ever more to focus on who Jesus is and that he is coming soon. Nothing is more important. What does it matter if a person is healed but does not know Jesus? If a person does not know Jesus, does not have him as their Lord, they essentially are dead, lost, gone for eternity. They can only change their future by suddenly coming to a realization of who Jesus is, seriously repenting, and asking him to be their Lord. They must do that now while they are still alive on earth.

In this world the majority of people walking around that you encounter may as well be dead people but for the remaining time they still are breathing and can accept Jesus as Lord. So our world evangelistic efforts continue full force as we have the strength and the funds to continue. Always we seem to operate with minimal funds. I don't know why that is but I do thank all of you who contribute to the ministry and support this great work. Imagine all those you have helped reach with the great truths of Jesus and have been part of their coming to life eternal in the Kingdom. Just imagine.

When Cathy and I reflected on the amazing million just reached in a few days in Nigeria with the latest video, we just sat in awe. It is astounding, a miracle of great magnitude. From right here, from this ministry begun many years ago, at this late moment we are reaching pretty obviously more people for Jesus than ever before. I don't know how many were reached by our television programs up and down the east coast or by our various other ways of ministering – in person, through recordings, over the web, through the many writings, but I think this is a true statement. The numbers reached now are staggering. And they are all over the world, sometimes in surprising places.

God is still God. And Jesus is no doubt ready to come at any moment.

THE WORLD SYSTEM CONTINUES TO STUMBLE ALONG - WHAT INDEED IS GOING ON? CAN WE EVEN TELL?

Well yes, some, at least a bit. Those of us who have been born of water and the spirit and have the Bible and the spiritual gifts. Using that great spiritual gift of discernment we can surely discern truth from falsehood much more so than the population as a whole can. We surely all know that a nuclear Iran would be a horrific threat to Israel, to the US, to the Western world, to civilization in general. So with that in mind, most have in general gone along with the recent war with Iran in hopes this would end the truly maniacal threat of that regime.

But suddenly as much of Iran's military was decimated but the country really was left intact, the US ceased the attack and so called negotiations were begun. Ever since the US president has spoken boldly and positively about the victory here and how things are going well in the negotiations. At the same time, those speaking for this Iranian regime state views opposite to that of the US president.

Let's step back and think for a minute. As you know I have lately written more than once of the obvious centuries old objective of Islam of taking over the world. I write about this often because most in the West just likely don't realize it. That long term objective of Islam began after Mohammed's death many centuries ago. At that time a Muslim army swept out of Arabia through northern Africa and into Spain and eventually France, conquering the northern African countries and converting them by force into Muslim nations. Thankfully for all Western civilization Charles Martel of France led an army against the Muslims and defeated them in Tours France, stopping this rolling victory parade for Islam. But as we see even today, that is only temporary. Large numbers of Muslim immigrants into European countries today are changing the character and culture of many of those nations.

In the USA Muslim immigration has been at a smaller number but we now see pockets where they have had a terrible impact. Dearborn Michigan is like a Muslim city, with minarets blaring calls to prayer five times a day. Parts of Texas and elsewhere continually have to fight back and squash efforts to have sharia law apply. And Minnesota, sadly, we all see what a travesty that state has become.

Add to all this the fact that Iran is a Shiite Muslim nation. Shiites believe their false messiah – the Mahdi – will come in a time of upheaval, of conflagration. So they obviously have no interest in things ever calming down.

So what is going on with this current US-Iran war? Do the US president and his top aides have something in mind they are not sharing? Surely they do not think the regime in Iran will change of its own accord.

We all know that at some point not far in the future Iran together with Russia, Turkey and some smaller nations attack Israel. This is described in detail in Ezekiel 38-39. So Iran regardless of what happens now not only survives the US war but continues on its usual path of the past decades in seeking to eliminate Israel.

We are so close to the return of the Lord to collect his believers. All those I know wish he would come now and not delay. They are correctly tired of this world. Well, there is nothing wrong with that opinion. The Lord in scripture makes a bold case that believers are not to love the world.

Just be alert. Nothing says more about the greatly deteriorating world situation than this extraordinary situation going on between the US and Iran. Add to that the absolute confusion of a sizeable block of far left Americans who vote for socialism and generally hate America and you see what a time we are living in. Much of America is just like Sodom and Gomorrah.

Imagine having a month celebrating “pride” – the LGBTQ lifestyle. Throughout the USA multiple cities and states have had celebrations in support of this deviant lifestyle. God considers a homosexual lifestyle to be anathema. Those who live it and do not repent will surely spend eternity in the Lake of Fire, hell. Well the Lord did say his return would be in a time just like the days of Noah and Lot. These are those days.

Another prophecy we may be watching come to pass has to do with Daniel 9:27. There you may remember we are told how an agreement with many – meaning the Jews (Israel) and perhaps the other Middle Eastern nations – is confirmed, or signed. That action signals the beginning of the seven year Tribulation. Right now we see how the US government hopes to get the Middle Eastern countries all to sign the Abraham accords. So that would include Israel, Iran, and the Arab Muslim countries there. Just something for you to keep in mind.

How to live now with all that is going on? Just follow Luke 21:36. Watch!!!

As guided by the Holy Spirit, help the Father in his drawing people to Jesus.

And keep your eyes on Jesus. Always.

The grace of the Lord Jesus be with God’s people.

May you live in the blessings of God always.
